Focus on SAFETY first

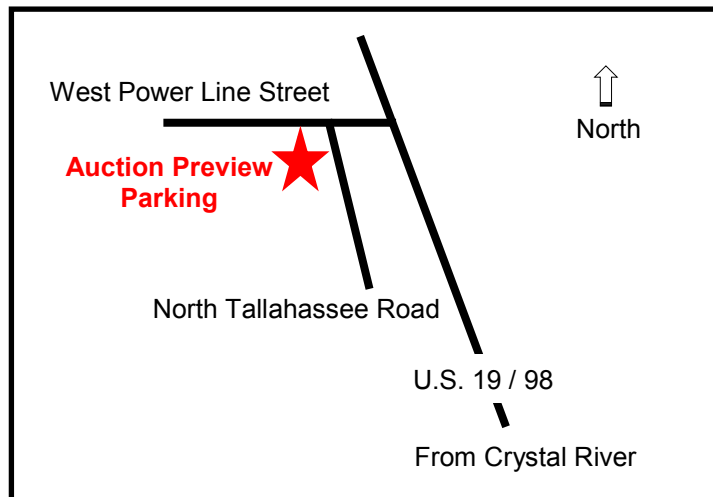

- The Crystal River Energy Complex is an active industrial site with ongoing operations and significant vehicle traffic. Though the warehouse areas where the preview will occur will have less exposure to hazards, please remain within the designated preview areas at all times.
- Slips, trips and falls are a leading cause of injuries. Be aware of your surroundings and watch your step.
- Avoid touching the assets. If you want to take a closer look at the asset or see it from a different viewpoint, ask a member of our auction team for help.

Identification

- Bring your driver's license. The information you provided on your preview registration paperwork must match the photo ID you provide security in the parking lot. A security officer may search any individual for any reason at any time without cause.

Where to park
