Dear Brandon,

We are pleased to submit the following quotation for your consideration:

Re: Truven Health Analytics auction – Ann Arbor, Michigan

Remove and load the following equipment onto highway trucks (provided by others) at Truven Health Analytics auction in Ann Arbor, Michigan. (All prep work and disconnects to be done by others prior to our arrival).

<u>Machine</u>	<u>Price</u>
1 – 500 kv Generator (must be prepped & disconnected for removal from fuel tank & fuel tank must be empty)	\$3,810.00
1 – Fire Suppression Tank (must be prepped & disconnected for removal)	\$2,160.00
4 – Lieberts Cooling Units (must be prepped & disconnected including roof top unit - If 2 units can be done in one day, the price would be \$3,150.00)	\$4,100.00 per unit
1 – UPS System (must be prepped & disconnected)	\$2,160.00

Unless otherwise specified -

** Refer to Terms and Conditions on attached sheet
